Please change the ruling on Uber. They are a safer better alternative to taxis in the state.

Dear Representative,

Please keep uber, it's services are so important to me and my alliances. I appreciate it so much and will be very angered and upset if they don't. I rely on South Carolina to look out for my best interests, so KEEP UBER! If not you will have a lot of angry citizens.

Thank you,
Sophie

I frequently use Uber and I would be devastated if it were to go away. I have always had wonderful experiences with this company! South Carolina needs Uber!

A concerned resident!

I support competition. Time to work through the issues. There are not enough taxis on the road without Uber.

In LA, in NY, in Boston, in Washington and so many other cities in the USA, Uber is a life changing phenomenon. Please, Charleston, don't fall behind the rest of the country.
